

## **GMAT - The Graduate Management Admissions Test Review**

### **Syllabus & Schedule**

#### **Syllabus**

GMAT Prep Classes are offered live-online, giving you the option to choose the schedule that works best for you. Our virtual classroom provides you with the flexibility to attend class from any location, the opportunity to interact in real-time with our expert instructors, and the ability to re-watch the recordings of your class sessions at your convenience for up to 120 days after the course ends.

#### **GMAT Prep Class Session Information**

Quantitative Topics Include:

- Strategies for handling math questions in the challenging data sufficiency format
- Approaches to math questions presented in abstract form
- Tactics for translating difficult real-world word problems into algebraic expressions or equations
- Review of the mathematical concepts tested in each of the GMAT quantitative formats

Verbal Topics Include:

- Spotting correct idiomatic speech in sentence correction problems
- Understanding the key components of arguments in critical reasoning problems
- Answering reading comprehension questions quickly, without reading the entire passage

Integrated Reasoning Topics Include:

- Interpreting data from tables, graphs, text, and other sources
- Dealing with multiple questions about the same data
- Analyzing data from multiple columns for Two-Part Analysis questions

General Topics Include:

- Utilizing the process of elimination
- Mastering time management skills
- Minimizing test anxiety
- Identifying common distractors

#### **Schedule**

- Session 1: Overview; Equations and Inequalities
- Session 2: Picking Numbers; Data Sufficiency; Reading Comprehension—Overview and Global Items
- Session 3: Number Properties; Critical Reasoning—Role, Weakener, Strengtheners
- Session 4: Exponents and Roots; Sentence Correction—Agreement, Verb Forms, Parallelism
- Session 5: Fractions; Percents; Rates and Ratios; Reading Comprehension—Local Items

- Session 6: Geometry; Critical Reasoning—Assumption, Inference, Explanation, Evaluation; Integrated Reasoning
- Session 7: Integrated Reasoning; Sentence Correction—Logical Predication, Diction, Grammatical and Rhetorical Construction
- Session 8: 3-D Figures and Coordinate Geometry; Probability and Statistics; Sequences; Counting and Sets; Analytical Writing

### **System Requirements**

The live-online GMAT Prep Class is offered online using Adobe Connect, a free application. All you need to participate in the live-online classes is a high-speed internet connection and speakers or headphones.

Course materials will be delivered directly to your home. We recommend registering at least four (4) business days in advance of the class start date to ensure timely delivery of your student package.
